

VIKING VICTORY SQUARE

The Viking Foundation is pleased to announce the **VIKING VICTORY SQUARE**, a permanent, highly visible brick square that will be located in the breezeway to the new athletic field at North Shore High School. This brick square will surround the path to the field and will be used by anyone needing access to the field, bleachers or concession stand, including students grades K-12, parents, athletic teams, the band, faculty and the community.

Be a part of the victory by purchasing a personalized brick! You may include your family's name, child/children's name (s), the name of your business, a quote, or a sentiment. Brick orders are now being installed.

This is a massive fundraising endeavor for the entire North Shore School District with all the funds going directly to support The Viking Foundation's "Campaign for Our Schools". A personalized brick in the **VIKING VICTORY SQUARE** will forever show your support of The Viking Foundation's effort to preserving the quality of our schools.

Questions please contact the **VIKING FOUNDATION** email bricks@nsvikings.org.
